The Planning Accreditation Board requires this information be posted for the M.S. Urban Planning program.

## Student Achievement

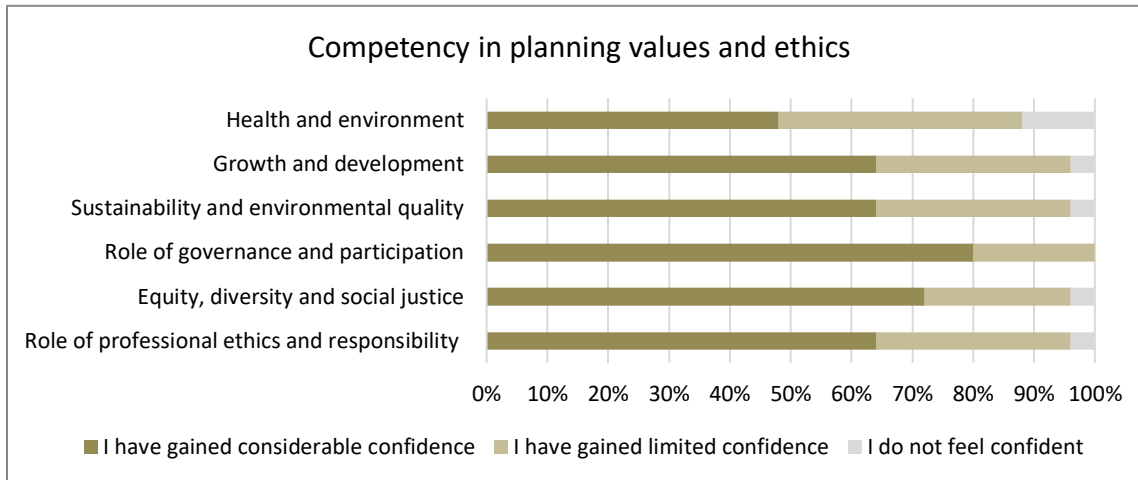

### Program goals for student learning:

1. Connect the study of the urban built environment with grounded analysis of socioeconomic and political conditions.
2. Explore the tensions between market forces, civil society, and the goals of planning, while paying special attention to the role of urban analytics and the quest for social justice.
3. Learn to evaluate and shape efforts to develop and enhance cities and their communities in ways that foster healthy and sustainable living.
4. Foster a global outlook and active engagement with practice.

Students who graduated in May 2017 reported following levels of competency (25 of 43 graduates surveyed in April):
