It contains the cockfighting arena that doubles as a reading room during school hours. It is located discretely under the library steps and wrapped by the bookshelves.

A

The Reading Nook

School for the Commuter Nation
Resulting Gaps and Joints

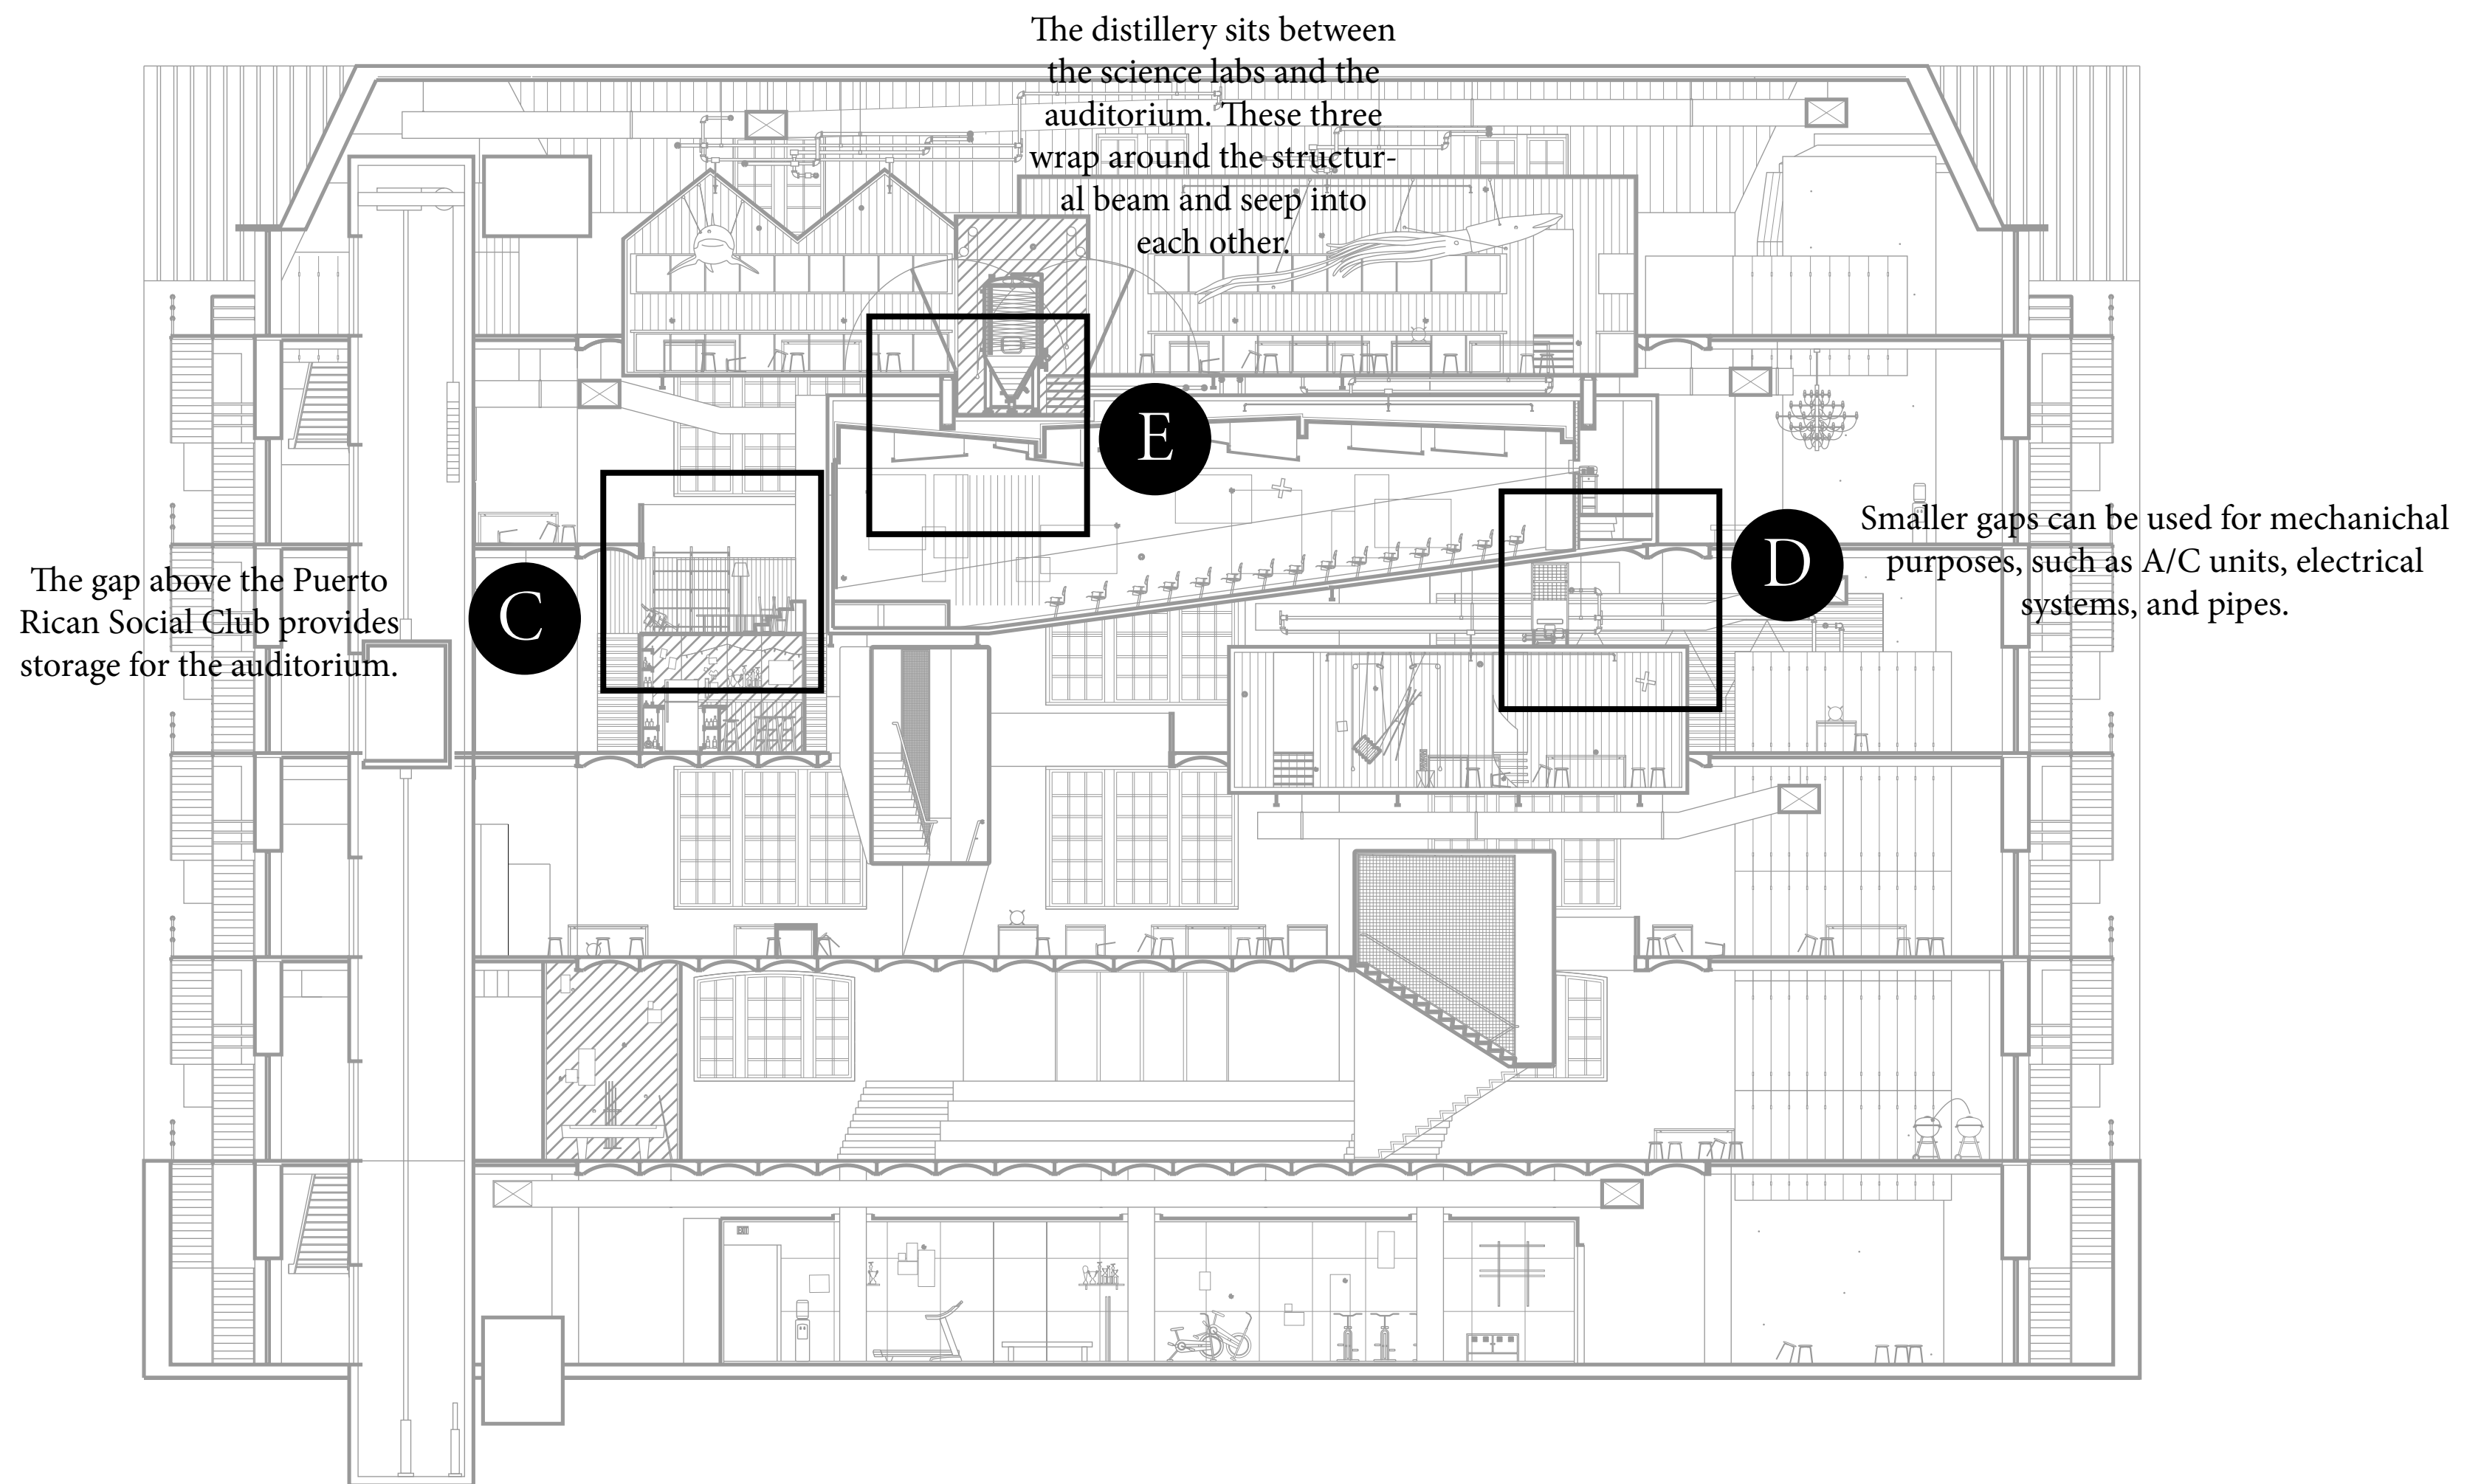

The inconsistencies between programmatic volumes provide open spaces that can be inhabited by the community.

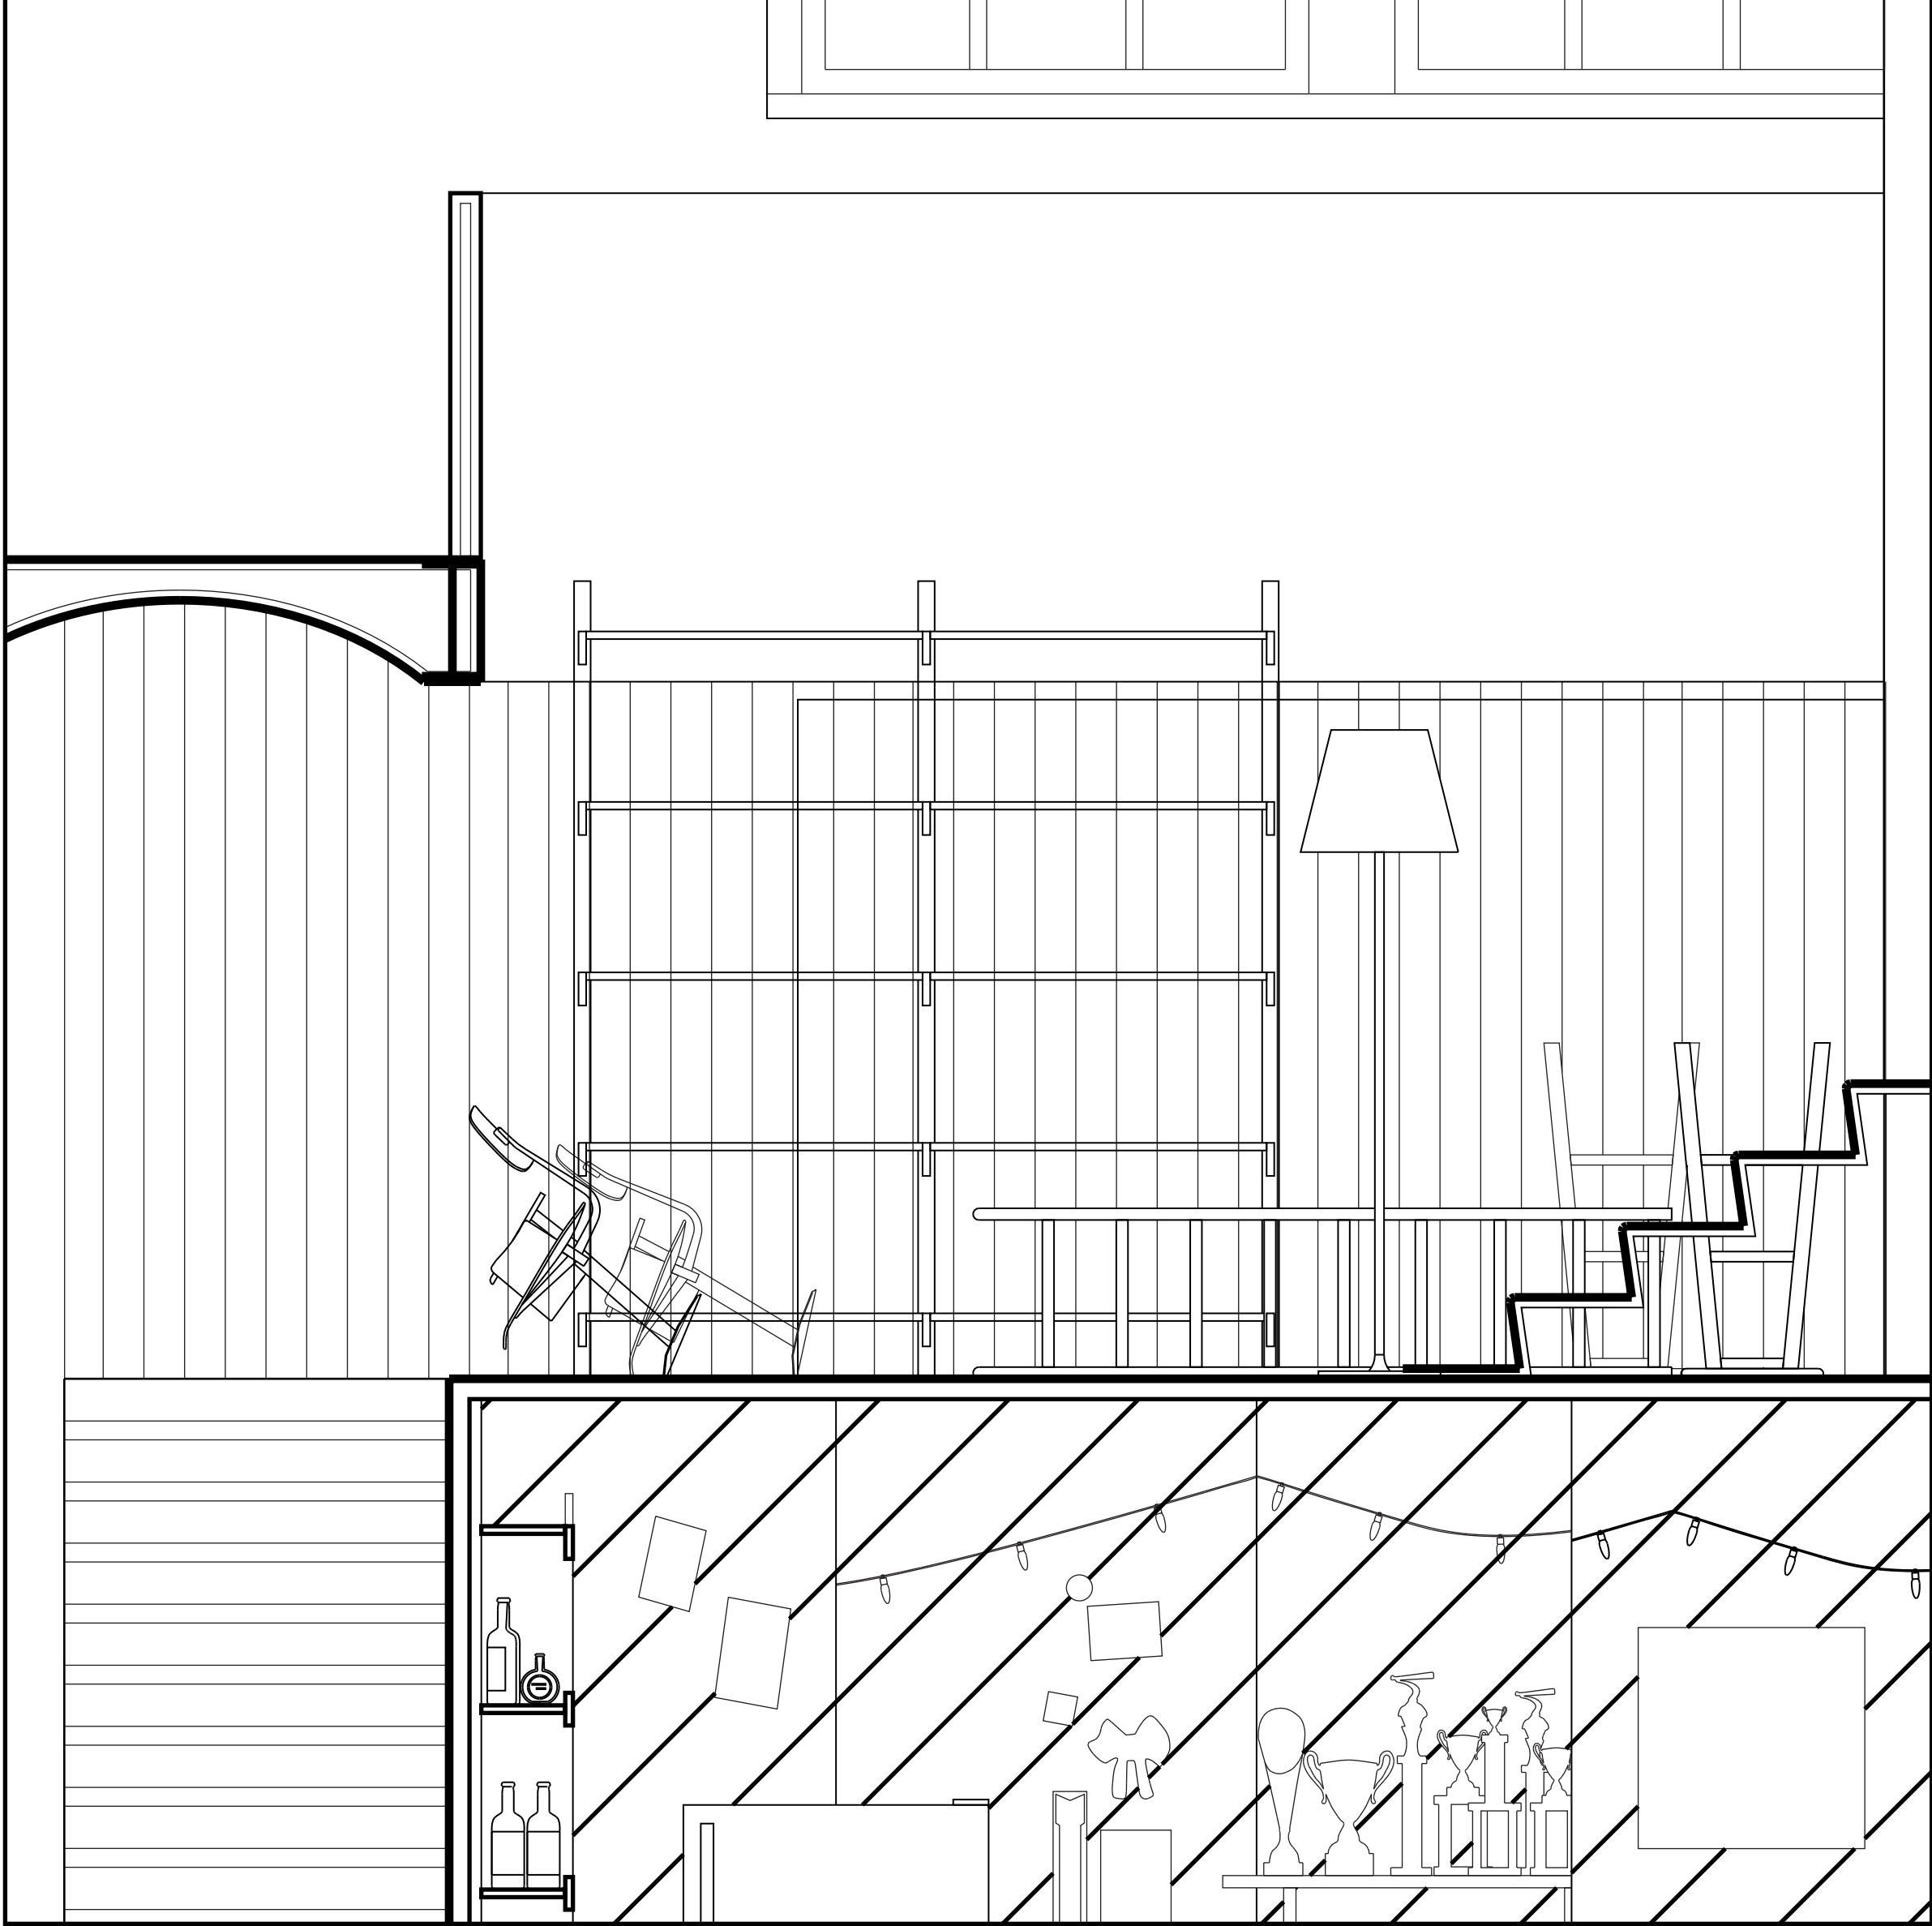

B

Interstitial Roof Space

The gap above the Puerto Rican Social Club provides storage for the auditorium.

Auditorium Storage

School for the Commuter Nation

Resulting Gaps and Joints

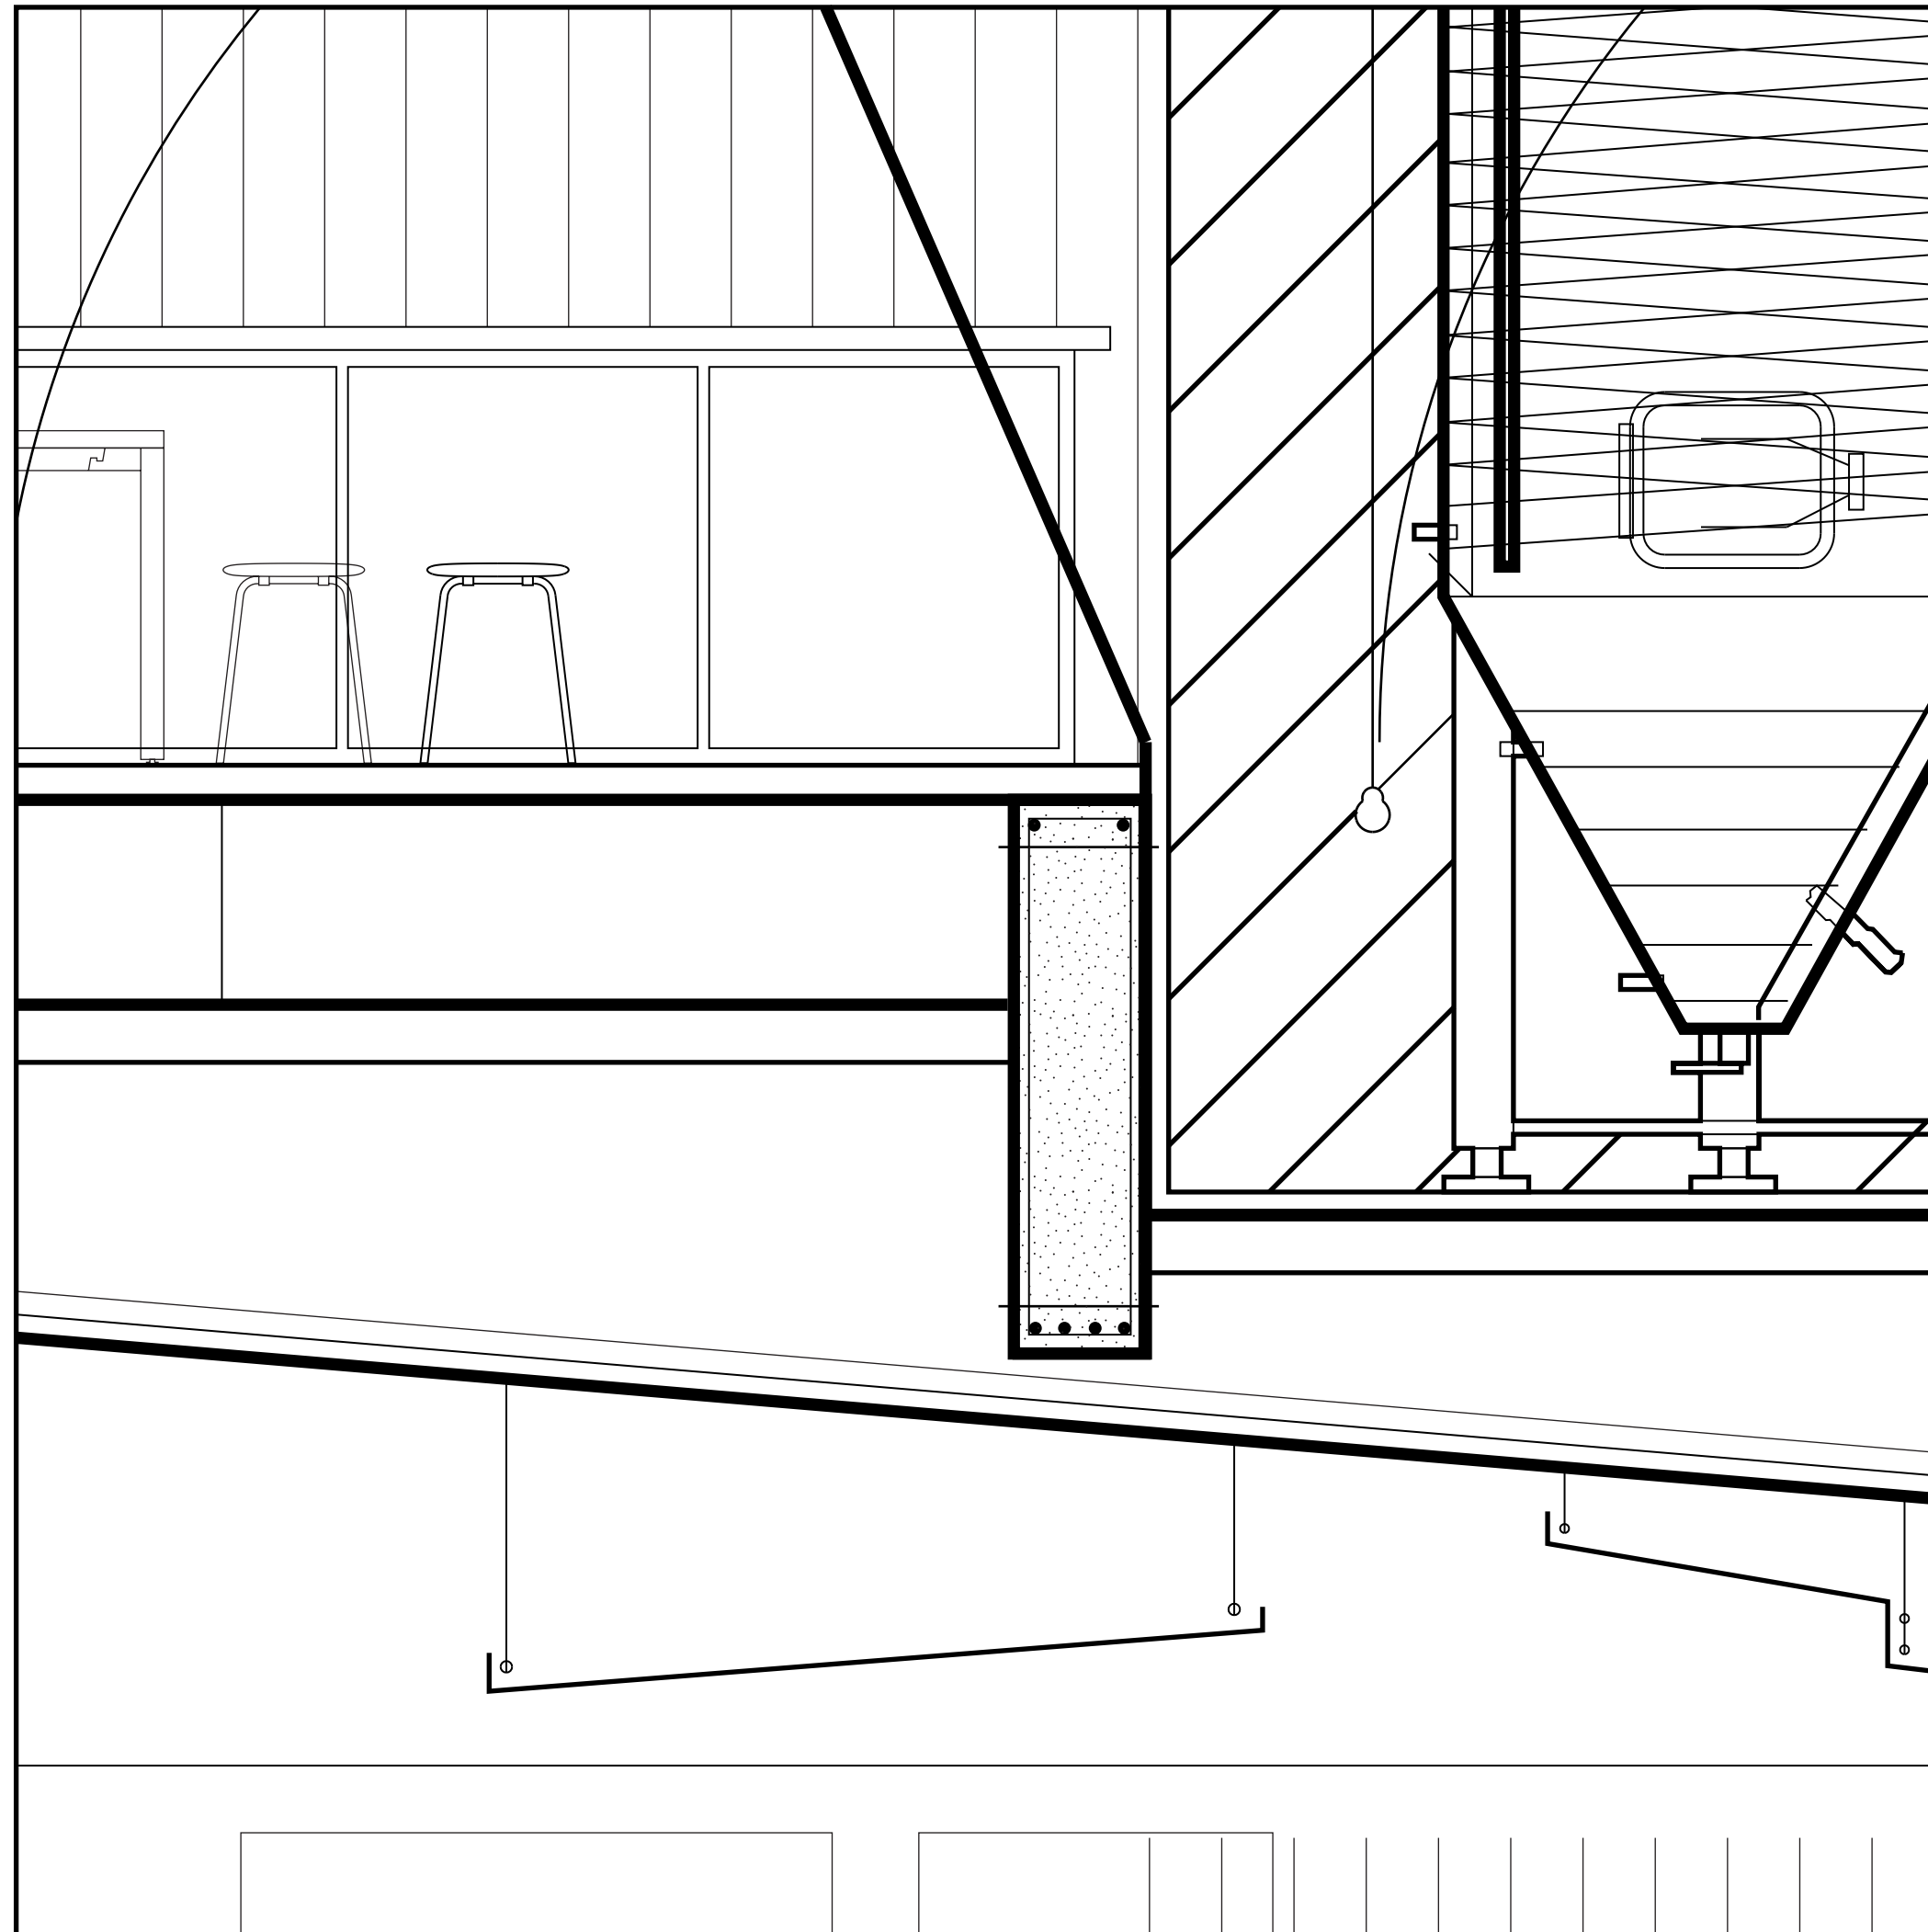

Smaller gaps can be used for mechanical purposes, such as A/C units, electrical systems, and pipes.

D

Mechanical Gaps

School for the Commuter Nation
Resulting Gaps and Joints

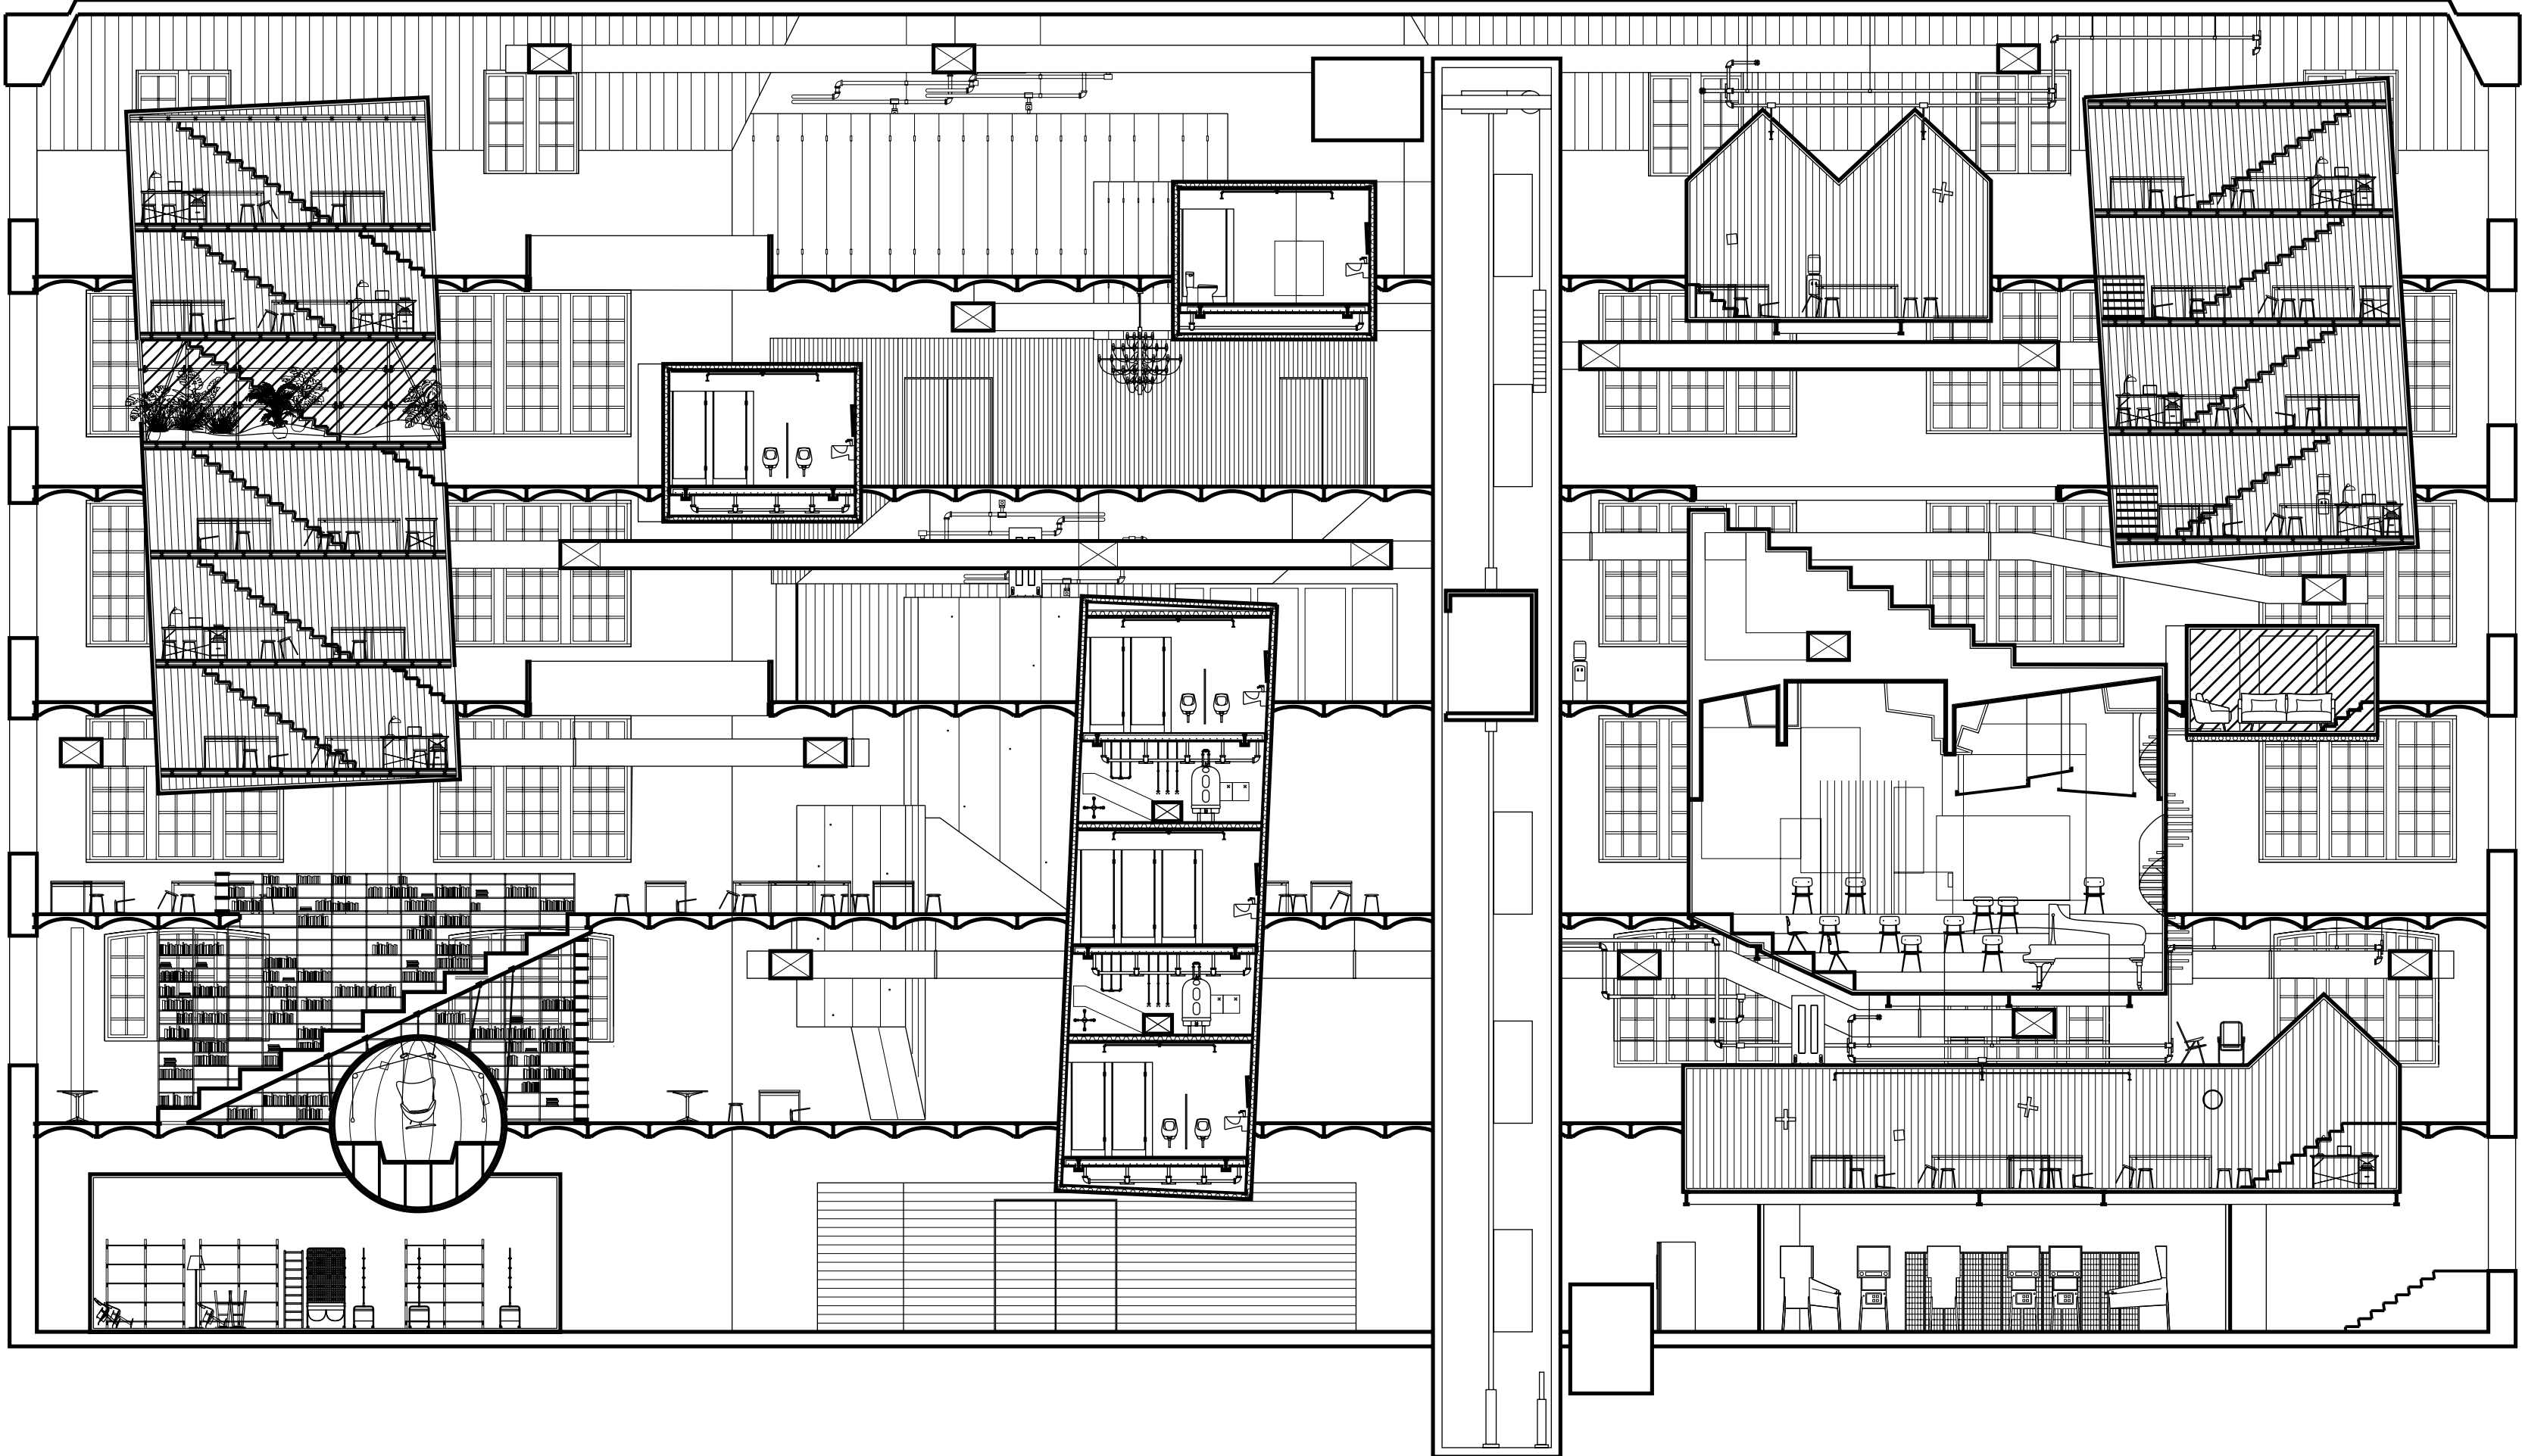

The distillery sits between the science labs and the auditorium.
These three wrap around the structural beam and seep into each
other.
