

## ClimateStudio Installation & License Information

To begin, please [download the CS installer](#). Check your downloads folder if you don't see any dialog boxes open. When first running a simulation using ClimateStudio, it will ask for an activation code. Make sure to copy and paste the full *login:password* format of the license key. Your educational license key is:

EDU\_Columbia1:ppwa7jz1bcnijgby:94

Here are some resources for learning and using ClimateStudio:

- [ClimateStudio Installer](#)
  - [Read a blog post](#) about our new Revit-to-Rhino exporter, included with Version 1.7.
  - [Watch a video tutorial](#) about the Revit-to-Rhino exporter.
- Full Software [Documentation](#)
- [Installation Guidelines](#)
- For support, email [educational\\_support@solemma.com](mailto:educational_support@solemma.com) to set up a help ticket.
- [Learn ClimateStudio](#) – Access video tutorials, lecture slides, reading materials, etc.
