Perspectives

A photograph of a waterfront park. In the foreground, a paved walkway with a brick pattern leads towards a modern building. The building has a white facade with horizontal lines and a stepped, tiered design. A row of young trees is planted along the base of the building. To the left, a body of water reflects the sky. In the background, other city buildings are visible under a clear blue sky. A black metal railing runs along the edge of the walkway. A wooden bench and a trash can are also visible on the right side of the walkway.

Thank You!
