ABOUT

LPSCon is a yearly convention and meetup exclusively designed by and for Little Pet Shops lovers and toy collectors. Held annually in Las Vegas Nevada, this event brings together all enthusiasts to forge new friendships, expand their collections, and connect with like-minded individuals who share the same hobbies and passions.

LPSCon has humble beginnings. In 2016, a 12 year old girl with a dream held the first LPSCon in a small park with only 16 attendees.

As of 2024, LPSCon, owned and hosted by the very same girl, has reached its 8th-year milestone. The convention has grown and improved, becoming an annual event garnering thousands of attendees to Las Vegas.

This event provides a safe and welcoming space for collectors and share their passions with others of similar interest.

OUR STORY

At just 12 years old, Nana Sarfo started LPSCon in a little park with only a few attendees. Little did she know that the event would grow in just a couple of years into a full-scale convention company.

Nana has always had a knack for entrepreneurship. At 14 years old, she earned the title of “CEO” when she pitched to a board of six investors and got them on board LPSCon.

At 15 years old, she was invited as a key speaker to the Manifest Summit, and gave her first-ever speech on women’s empowerment in business at SITE Global Conference at the Luxor.

Nana’s goal for LPSCon remains a safe place for LPS lovers and anyone who feels a little out of place due to their passions .
