

Audio Transcript: I Am Minne Atairu

Minne Atairu:

I am Minne Atairu. I'm an interdisciplinary artist who makes 3D-printed bronze sculptures. My sculptures are inspired by the artistic and historic legacy of the Benin Bronzes, a collection of looted cultural objects from my ancestral homeland, Benin, Nigeria. For *Open Call*, I'm creating an installation titled *To The Hand* that will inspire folks to engage with Benin's forgotten histories.
