

A woman with blonde hair tied back is sitting at a dark wooden desk, looking down at an open notebook. She is holding a purple pen in her right hand. On the desk, there is a silver laptop displaying various data visualizations including bar charts, pie charts, and a world map. To the right of the laptop is a white cup of coffee on a saucer. In the bottom left corner, a smartphone is visible. The background is softly blurred, showing a window with light coming through.

# Package

Artificial Intelligence Product

## About us

---

HireKhan.com is No.1 Technology & Business Contracts Outsourcing Platform.

Owned and Maintained by Global Outsourcing Platform For Projects & Resources, it is based out of Mumbai, India and holding company based in London, United Kingdom.

HireKhan would make projects & implementation outsourcing easy and available under one roof.

HireKhan also intends to exclude the middleman in outsourcing arena. Clients can hire any resources of their choice based on their budgets and the allocation of resource starts almost instantly.
