About our company

-  Founded in 2012, Quiet Events® is a **national events & rental company** of headphones with offices in New York City, San Francisco, Los Angeles, Austin, Ottawa and Tokyo, Japan Quiet Events throws **weekly parties** across the country that offers city-dwellers and tourists of all ages and orientations an innovative event and party experience like no other called Quiet Clubbing® also known as Silent Disco.

The Experience we provide

-  With **over 20,000 headphones**, party-goers can tune into up to three channels of audio from live DJs, tour guides, movies, or even play music directly from their phone! Only those with headphones can hear the audio; enabling your selected audience to become completely immersed in a unique experience they will never forget. Quiet Events® host **hundreds of public & private events yearly** at clubs, rooftops, outdoor venues, museums and even on ferries and subways.

How we engage our clients

Quiet Events® prides itself on being **creative and innovative**. In addition to e-mail and the standard social media interactions via Facebook, Instagram, and Twitter, Quiet Events® communicates with party-goers via our free **Quiet Clubbing® app**. The app also allows for those at a party to vote for their favorite DJ, favorite music, and collect feedback on their experiences.
