

Poly Studio X50 Training for Hybrid Learning

- 1) Login to your Zoom class on a computer (your laptop or a studio computer) please mute your mic or plug in headphones with an attachable microphone.
- 2) Turn on the TV
- 3) Make sure the input on the TV matches the HDMI input
- 4) If the screen is dark, it is asleep. Tap the small controller touch screen to wake it up.

- 5) Tap the "JOIN" button on the left hand side of the controller touch screen.

- 6) Enter your Zoom classroom "Meeting ID" and "passcode" either from your Canvas account or your calendar. When logged in the controller touch screen should show the camera and mic controls:

- 7) You should see the studio on the TV screen and your video from your computer, unless it's muted..
- 8) You can share your presentation from the computer that you are logged into the Zoom classroom meeting with.
