

TEFAF CORONAVIRUS STATEMENT

Due to the current situation affected by the coronavirus we as TEFAF organization are taking the global developments very seriously and are diligently tracking developments across the globe and are seriously evaluating its effects in the Netherlands in particular in Maastricht, the home of our fair.

We want to express our compassion to the ones affected by the virus. This year, we unfortunately will not be able to welcome select visitors and journalist who are restricted by visa and travel restrictions. Digitally we are sharing as much information about the community and the fair with those who cannot travel this year and look forward to welcoming all in the upcoming editions that are not impacted by the coronavirus.

We are in close contact with the local authorities and listen to the expert advice of the WHO and the Dutch ministry of Foreign affairs to evaluate the best possible security and safety measures for our visitors and exhibitors.

At this point of time we are looking forward to welcoming visitors and exhibitors as of March 5 at TEFAF MAASTRICHT 2020, while carefully tracking developments and taking serious measures to maintain highest health and safety standards.

-Ends-
