DEAN'S LECTURE
RICHARD BAYNARD

“Climate change is going to start at the local level, this is where to act...”

Richard Baynard

This year's UAPP Dean's Lecture Series featured Richard Baynard, Co-Director of the Program in Urban Planning and the School of Public Affairs at the University of Hawaii. Baynard, and his Climate Change in Other Places is Urban Study, applauds the work in planning and related fields as central to the problem of climate change. He presented a vision of how cities and regions can respond to the challenge of climate change through adaptation and mitigation strategies. His talk was based on his recent book, "Adapting to Climate Change in Other Places," which examines how cities and regions are responding to climate change.

ALLAN PARKS MANN WHA News and Documentary Emmy Award

Annapolis, MD, 1966, 70th was part of the New York Times team that were winners of the Conde Nast Traveler gold medal for Reporting on the Middle East. Stern Award for Excellence in Journalism. Stern Award for Excellence in Journalism. Stern Award for Excellence in Journalism. Stern Award for Excellence in Journalism. Stern Award for Excellence in Journalism. Stern Award for Excellence in Journalism.

One World, One World is the most widely recognized program of its kind in the world. Using the power of visual storytelling, the program explores the challenges and opportunities of the world we share, the diverse cultures and perspectives that shape our world, and the way in which they interact and complement each other in the pursuit of peace and prosperity.

STUDENT UPDATE

THE GEOGRAPHY OF JOBS

Matthew Haakensen, a UAPP student, is working on the National Oceanic and Atmospheric Administration's (NOAA) Urban Coastal Climate HARP Project. His work involves developing new methods for analyzing the impact of climate change on coastal communities.

This report offers great insights into the geography of jobs, housing, and transportation in N.Y.C.

Thank you for your continued support of UAPP.
Program Council is excited to host the annual Thanksgiving Potluck on Thursday, November 18th from 6:30-8:00. The event will take place in the UP lounge.

Please RSVP via email to sign up for the potluck, and bring a dish to share. Prizes will be given to the best dishes. There will be a variety of dishes to choose from.

 APA Transportation Dialogue

Student Paper Competition

Alternatives Analysis

We're excited to partner with the Student Paper Competition to showcase the best papers in the field of transportation planning.

The American Planning Association's Transportation Planning Division (TPA) is seeking submissions for its annual Student Paper Competition.

TPA seeks to encourage students for submitting their research papers in the field of transportation planning.

Papers should address topics related to transportation planning and be of interest to the audience attending the conference.

First place winners will receive an honorarium and a certificate.

First Year

Student Spotlight

Harriet Zanasi

Where are you from?

Riga, Latvia

What did you study for your undergraduate degree?

Computer Science

What are your plans?

Attend graduate school at Florida Tech University

Do you have any professional experiences?

Volunteered for around a year at an organization and did some coding and data analysis.

Why did you choose to study at Florida Tech University?

It had a strong program in Transportation Planning.

What's the best part of your experience at Florida Tech University?

The education and resources.

What is your favorite thing about the area surrounding you?

The scenery and climate.

What's your favorite city you've ever visited and why?

Vilnius, Lithuania. It's a great place.

What's your favorite spot to go to in the city?

The Old Town.

If you could pick one room in a house or hotel, what would it be?

The view from a large window in the living room.

Second Year

Student Spotlight

Ikita Lee

Where are you from?

Shanghai, China

What did you study for your undergraduate degree?

Economics

What are your plans?

Attend graduate school at Florida Tech University

Do you have any professional experiences?

Volunteered for around a year at a non-profit organization and did some coding and data analysis.

Why did you choose to study at Florida Tech University?

It had a strong program in Transportation Planning.

What's the best part of your experience at Florida Tech University?

The education and resources.

What is your favorite thing about the area surrounding you?

The scenery and climate.

What's your favorite city you've ever visited and why?

Vilnius, Lithuania. It's a great place.

Kim Yoo

Where are you from?
New York, NY.

What do you like doing most during your undergraduate?
I enjoy traveling and experiencing different cultures. I also enjoy exploring new places and trying new things.

Why did you choose to study at Columbia University?
I chose to study at Columbia University because of its strong academic programs and its location in New York City. I was also drawn to the city's diverse culture and vibrant arts scene.

What is your favorite part of Columbia Business School?
The campus is beautiful and the facilities are modern. I also enjoy the diversity of the student body and the opportunities for networking.

What has been your favorite class/planning class or course for you so far?
I enjoyed my marketing class because it gave me insights into the strategies of successful marketing campaigns.

What is your favorite spot on campus?
My favorite spot on campus is the Espresso Bar in the Student Union Building, where I can study and enjoy a cup of coffee.

What is your favorite signature drink in NYC?
I love the Black & White cocktail, which is a classic New York City drink.

What is the best advice you have been given?
Always stay focused on your goals and never give up, even when things get tough.

Tell us something about your life outside school.
I enjoy playing volleyball and hiking in my free time. I also like trying new restaurants and exploring different neighborhoods in New York City.

UPCOMING EVENTS
Upcoming events include a series of networking opportunities, guest lectures, and other events that will help you connect with peers and faculty, as well as gain valuable insights into the business world.

The Student Union will host a networking event on campus on the second floor of the Student Union Building. This event is open to all students and will provide a great opportunity to meet new people and learn about different industries.

The School of Business will host a guest lecture on the future of technology in business by a leading expert in the field.

Finally, the Office of Career Services will host an event to help students prepare for their future careers.

Please make sure to check your email for more information on these events and other opportunities.

If you have any questions or concerns, please contact your advisor or the Office of Career Services.

Best of luck as you continue your journey at Columbia Business School!
