### ***Queen Academy Tour!***

**Philadelphia, PA** - Sheereeta Green better known as Reet Green will be hosting a school bound tour forming Young ladies to Queens! The program was created to uplift young women from the ages of 12-18 years old with self-respect , low self esteem and body image issues!

Queen Academy Tour is a two part personal development series seminar where young women will learn what it means to be a Queen in today's society! She hopes after this tour each participant will embark on the subject of objectification and personal self development.

“ In today's society , women face many different forms of gender oppression and discrimination, & it's time for that to change!” Shereeta said when asked about the tour. The tour will begin on March 13 , 2019 and go until April 17, 2019. The first school on the list is W.D. Kelley Elementary School and we are ready to get our tour on the road!

For more information about the Queen's Academy Tour , visit [ladideclare.org](http://ladideclare.org). We would love to send a special Thank You to State Representative Donna Bullock , Lowe Key Studios , MPFR , and Einstein Medical Center our lovely sponsors for their help in making this tour possible!
