COMMENCEMENT UPDATE

Please note that the arrival of equipment for 2022 Commencement Week has begun on Columbia’s Morningside campus and will continue in Irving College. Wind and weather have made setting up challenging. Students and families are encouraged to arrive early on Commencement Day. Some construction activities have temporarily suspended the work being performed on Low Plaza and the South Lawns, and the use of the pedestrian walkways on campus may be more difficult during this time.

Visit Columbia University’s Commencement 2022 page for the latest announcements.
