NETA[®]

**GENERATING
POWERFUL
CONNECTIONS
FOR THE FUTURE**

WHAT'S NEW AT POWERTEST 2022?

Explore a high-powered hybrid conference experience focused on meaningful connections and the future of the industry.

PERSONALIZE YOUR EXPERIENCE

Make PowerTest 2022 work for you from start to finish. Join us in Denver, Colorado for in-person learning and networking opportunities and/or enjoy 90-day access to PowerTest TV, a virtual conference experience. This year's lineup features more content than ever before and has something to offer everyone.

DISCOVER ALL-NEW CONTENT

In addition to the cutting-edge sessions you've come to expect from PowerTest, explore two brand new presentation tracks in 2022. Navigate today's challenges and identify tomorrow's industry trends with the Sales & Management and Renewable Energy tracks.

CELEBRATE 50 YEARS OF NETA

Commemorate NETA's golden anniversary at PowerTest 2022. With all-new opportunities for professional development and networking, celebrate how far the association and the industry have come and explore the possibilities of the next 50 years.

PREPARE TO LEVEL UP

Back by popular demand is the NETA Exam Prep Seminar at PowerTest! Open to NETA Certified Technicians, this two-part seminar offers a review of exam materials, the ability to participate in the new NETA Practice Exam, and more. Develop your knowledge and boost your exam confidence levels when you register for this can't-miss opportunity.
