Re: PMI SFL Chapter - 2023 Charity Golf Tournament – Benefiting Florida’s Children First

The Project Management Institute South Florida Chapter is hosting a charity non-profit golf tournament event on April 29, 2023, at The Bridges at Springtree Golf Club. We're inviting you to join us as a sponsor for this event, where a percentage of proceeds will go directly towards supporting Florida's Children First, a non-profit legal advocacy group focused on coordinating and fighting for the rights of children who require various government services.

We've been working towards this goal for two consecutive years now, and with your help, we can continue making a positive impact in our community.

The golf tournament event is an excellent opportunity for you and your company to get involved in our mission while also promoting your brand. The event is expected to draw a large crowd of golf enthusiasts, project management professionals and local businesses, making it an ideal platform to showcase your support for our cause.

There are several sponsorship opportunities available for your consideration. We've attached a sponsorship package detailing the different levels of sponsorship and the benefits that come with each one.

If you're interested in sponsoring our event, please email us at marketing@southfloridapmi.org and let us know which sponsorship level you're considering, and we'll provide you with the necessary information to proceed.

Thank you for considering our proposal. We look forward to hearing back from you and hope to partner with your organization to make a positive difference in our community.

PMI South Florida Chapter

APENDIX A
