

Our Purpose

SAC Showcase proudly presents "The Experience Showcase", an exclusive two-day event that will be held in Charlotte, NC. This event will bring together the brightest high school football stars from across the nation. This is more than a showcase; it's an immersion into the world of excellence, where potential is transformed into greatness.

We have partnered with trainers to train athletes while here in Charlotte. Athletes will have an opportunity to take a short finance preparation and NIL class during their duration of camp. Athletes will also participate in community service to ensure they understand the importance of giving back as they grow in their athletic career.
