

THE FOUNDERS MEET™

Gateway to the NeuSource Startup Ecosystem

28th November 2026

Hyatt Centric Janakpuri, New Delhi 🕒 9AM - 7PM

35+ Investors and Industry Experts

200+ Founders

“

Startups don't scale through random networking—they scale in the right rooms with the right people.

The Founder's Meet is built to filter out noise and bring serious founders into a focused, execution-driven environment. This is where vision is challenged, not just appreciated. Where ideas are tested, structured, and aligned with real market expectations. Founders gain clarity on what works, what doesn't, and what needs to change immediately. Investors don't just listen—they evaluate, question, and identify real potential. Because progress doesn't come from pitching more—it comes from building right.
