datascienceconnect

sponsorship prospectus | **2019**

welcome

Data Science Connect was founded in 2012 as Data Science Atlanta, and has grown to become the largest data science organization in the southeastern U.S. and one of the most attended in the world.

DSC has established a reputation throughout the country for our best-in-class data science programming and content—connecting practitioners and industry leaders who recognize the disruptive impact that data science is having on their businesses and lives. And we've done it while pushing the boundaries of traditional professional programming through a variety of topics and formats.

On behalf of the entire DSC team, I'm excited to present our 2019 Sponsorship Prospectus. We hope you'll choose to partner with us in what's sure to be our best year yet.

Sincerely,

Amelia Martin
