

First of its kind movie competition open to everyone! Have you had an experience that would make a great movie? First prize is \$30,000!

Feature30 is a film competition with a difference, that has never been done before in Australia. The winner not only receives \$30,000 to go towards the production of a feature film, they also receive direct contact with an incredible panel of Industry Leaders and Sales Distributors. Other film competitions want you to submit a short film, the winner of Feature30 not only receives the chance to bring a great idea to life, but to make their dreams come true.

Lizan Yee – Progression 7 Films Feature30 Director

"This is open to EVERYONE. If you've had a film idea and haven't done anything about it why not just try? There is no right or wrong in terms of ideas and people have certainly broadened their taste in terms of which movies they watch. Our judging panel includes Steve Jaggi who makes movies for Hallmark and Netflix. We have Larry Namer, co-founder of Americas E! Entertainment and the Head of Sales and Acquisitions from Umbrella Entertainment, the largest distributor in the Southern Hemisphere. Entering Feature30 could change your life!"

The winner of **Feature30** receives \$30,000 to go towards the production of their feature film AND mentoring sessions with the incredible judging panel that we've assembled. This is truly a 'money can't buy' prize. This competition is designed to create a roadmap to success by putting the winner in front of the right people to make their dreams come true. Let's not forget that the 'Blair Witch Project' was made for \$25,000 and went on to amass over \$250 Million USD. It all starts with an idea.
