

How to track who has viewed my Zoom recordings

Overview

Cloud recordings of meetings or webinars can be made on-demand and require viewers to register before receiving access. Recording registration can be customized with custom fields and manual or automatic approval. The link to access the recording will not change, but once the on-demand option is turned on for a recording, it will take viewers to the registration page, instead of directly to the cloud recording.

This article covers:

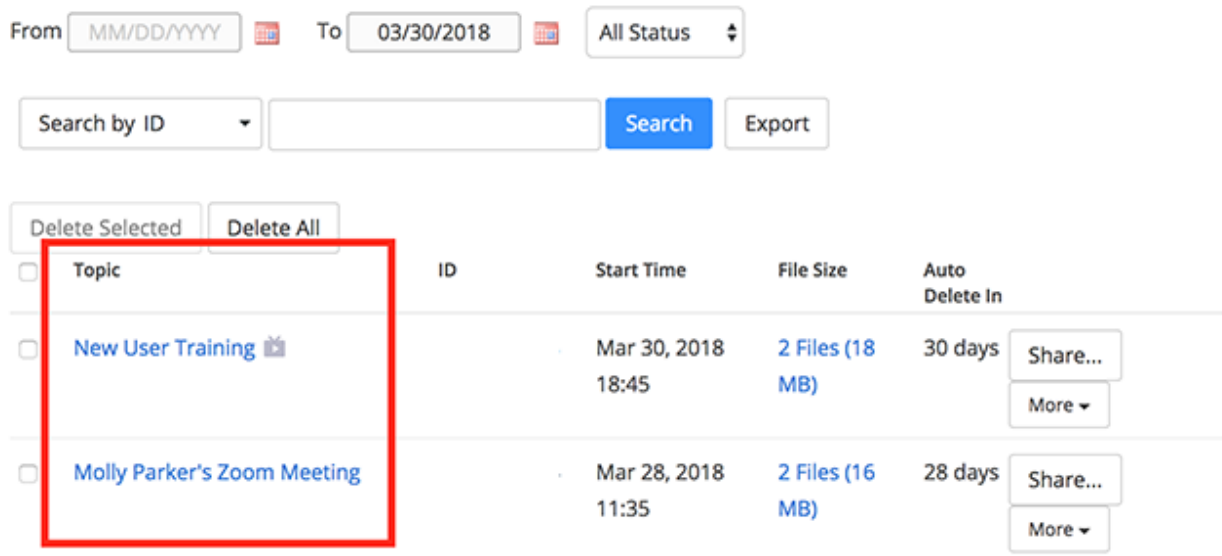

- [Making a recording on-demand](#)
- [Changing registration settings](#)
- [Viewing registrant information](#)

Prerequisites

- Zoom account with cloud recording enabled

Making a recording on-demand

1. Login to your Zoom web portal and navigate to [My Recordings](#).
2. Click on the meeting topic for the recording that you would like to make on demand.

The screenshot shows the Zoom My Recordings interface. At the top, there are filters for 'From' (MM/DD/YYYY), 'To' (03/30/2018), and 'All Status'. Below these are search and export options. A table lists recordings with columns for 'Topic', 'ID', 'Start Time', 'File Size', and 'Auto Delete In'. A red box highlights the 'Topic' column, which contains two entries: 'New User Training' and 'Molly Parker's Zoom Meeting'. Each entry has a checkbox, a 'Share...' button, and a 'More' dropdown menu.

Topic	ID	Start Time	File Size	Auto Delete In
<input type="checkbox"/> New User Training 📺		Mar 30, 2018 18:45	2 Files (18 MB)	30 days
<input type="checkbox"/> Molly Parker's Zoom Meeting		Mar 28, 2018 11:35	2 Files (16 MB)	28 days

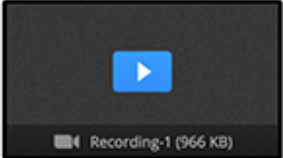

3. Click **Share...**

[My Recordings](#) > Molly Parker's Zoom Meeting

Registration Questions Custom Questions

Approval

- Automatically Approve**
Registrants can watch the recording directly after registration
- Manually Approve**
Registrants will receive emails then watch the recording after you approve the registration

Notification

- Send an email to host when someone registers

Other options

- Show social share buttons on registration page

Save All Cancel

- **Approval:** Select if you want registrants to be automatically able to view the recording after registering, or if you would like to manually approve registrants to view the recording.
- **Notification:** Check if you would like to receive an email when someone registers to view the recording.
- **Other options:** Check if you would like to show social share buttons on the recording registration page. This will include social share buttons for Facebook, Twitter, and LinkedIn.
- **Questions:** Click on the questions tab to adjust which fields are shown and required when someone registers to view the recording.
- **Custom Questions:** Add custom questions for viewers to complete when registering to view the recording.

5. Click **Save All** when done.

If manual approval is turned on for an on-demand recording, the user will be taken to a page letting them know that their registration information has been submitted. Once their request is approved, they will receive an email with the link to view the recording. If their request is denied, they will receive an email notifying them that their registration request was denied.
