212 420 9198

ARC
https://www.e-arc.com/
256 W 38th St #3, New York
(212) 686-2436
The finest online printing available. Offer many custom options and a ‘portfolio service’ that allows budget-friendly updates to portfolios for artists and designers. Some of the custom options include debossing, lay-flat binding technologies and head and tail binding. All books are handmade and require a significant lead time.

Blurb
http://www.blurb.com/
Excellent printing service with a wide variety of sizes and formats. Offer trade books, photo books, magazine formats and a premium service with best paper, binding and finishing options. Reasonably priced, but known to have errors in trimming. Be sure to plan in advance.

Lulu
http://www.lulu.com/
Standard printing service with a wide variety of paper sizes and formats. Offers more binding options than blurb, but the quality is not as good as Blurb’s premium services.

Mag Cloud
http://www.magcloud.com/
Basic online printing with few format or paper options.

Embassy Probooks
http://www.embassyprobooks.com/
Geared to photography professionals, this service caters to fine image reproductions.
Paper Suppliers

B & H Photo and Video
Link to papers here
9th Ave. @ 34th St.
(212) 444-6615
*Note that the store closes at 1pm every Friday, is closed Saturday and reopens Sunday at 10AM
Offers a wide variety of inkjet papers used by photography professionals. Carries sample packs online at affordable prices if you would like to try different paper types.

Adorama Camera
Link to papers here
42 West 18th Street
(212) 741-0052
Offers a wide variety of inkjet papers used by photography professionals. Similar to B&H.

KM Camera
Link to papers here
Offers a wide variety of inkjet papers used by photography professionals. More professional than B&H or Adorama.

Foto Care
Link to papers here
Run of the mill paper source for Inkjet printing. Reliable and open on the weekend if B&H is closed.

Paper Presentation
http://www.paperpresentation.com/
23 West 18th Street
(212) 463-7035
Great variety of digital papers and inkjet papers. Also carry many varieties and colors of cover stock. Also carry a good amount of binding supplies for binding by hand.
Bibliography

*All of these books are on reserve in Avery library, room 222 on shelf 353 (on the right as you enter the room)*

| **Wix**          | • Free version (no custom domain)  
                  • Connect Domain: $5/mo  
                  • Combo plan: $11/mo (ads free) | • Large variety of templates and creative controls  
                  • Intuitive to use  
                  • Optimized to work across devices  
                  • Pixel-perfect adjustment of individual elements | • Can’t switch template without losing your content  
                  • The mobile website may need some additional, manual work  
                  • No access to your HTML and CSS |
| **Squarespace**  | $12/mo  
                  (14-day trial) | • One of the best designs & features  
                  • Easy to change templates  
                  • Access to source files  
                  • Guides to gain online visibility | • Expensive & no free plan  
                  • Not the easiest to use  
                  • No preview mode  
                  • Limited layout flexibility |
| **Weebly**       | • Free version (no custom domain)  
                  • Connect plan: $5/mo  
                  • Pro plan: $12/mo (no ads)  
                  • The easiest to use/maintain, good for simple websites  
                  • Easy to change templates  
                  • Video and MP3 player included (Pro plan or higher)  
                  • Access to source files | • Not for pixel precision  
                  • Drag-and-drop customization is limited  
                  • No true “undo” feature on the editor  
                  • Fewer template choices | |
| **WordPress**    | • Purchase of hosting services ($5-$15/mo)  
                  • Premium plugins to allow customization | • Everything is customizable  
                  • Big pool of extra apps (plugins) to expand your site’s capabilities (e.g. stylish image galleries) | • Need a lot of technical knowledge  
                  • No official support  
                  • Need a hosting provider to host |
| **Cargo Collective** | • Free to try & build  
                  • $13/mo, $99/year to make it live | • Allow for full creative control  
                  • 30+ templates to choose from  
                  • Can post videos directly  
                  • One of the best user interface | • Need a little HTML skill  
                  • No social tools or site analytics |
| **Adobe Portfolio** | Free for Creative Cloud users | • Instant image importing  
                  • Integration with Behance, Photoshop and other Adobe apps  
                  • Automated image resizing  
                  • Mobile friendly templates  
                  • Support from the large Adobe team & community | • Need to get your own domain from other services  
                  • No email hosting; need to host separately  
                  • No access to CSS/HTML  
                  • No advanced SEO settings |
| **Format**       | $6/mo, but price increases for image space  
                  • Specialize in portfolio website  
                  • Intuitive to use and well-designed templates  
                  • Access to source files | • Not as much creative freedom as from Wix or Weebly | |
| **Ucraft**       | •Free version (custom domain name!!)  
                  • Premium: $10/mo (remove branding)  
                  • Block is fully customizable  
                  • Access to source files | • Block-based web builder; can add 35 blocks to page  
                  • Not as many templates as other websites; need to customize block layout | |

Many web builders have discount codes. Search for them!
