

MARCH 29—APRIL 2

This week, Professor **Mabel Wilson** delivers a lecture on her recent work; Professor **Lance Freeman** leads a school-wide reading organized as part of the ongoing work of the Anti-Racism Action Plan at GSAPP with Professor **Weiping Wu**, Associate Professor **Malo Huston**, and Professor **Kate Ascher** joining as discussants; Adjunct Assistant Professor **Jerome Haferd** examines the history, advocacy, and futurity of two current efforts to reclaim and develop sites of African enslaved burial in New York; and the After Concrete event, co-directed by Associate Professor **Lucia Allais** and **Forrest Meggers**, brings together scholars, engineers, and designers to situate concrete and other materials into processes that are inherent in climate change, resource extraction, infrastructural development, energy policy, state planning, and ecological science and advocacy.

## MABEL O. WILSON

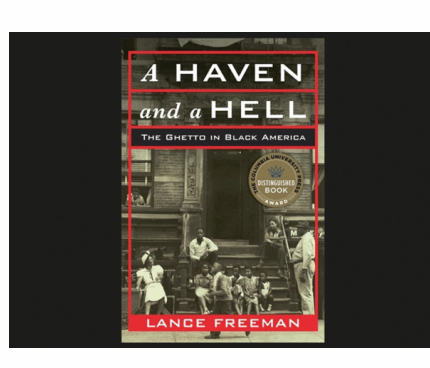

Today at 6pm

Virtual

**Mabel O. Wilson** '91 M.Arch delivers the final lecture of Columbia GSAPP's Spring 2021 programming series, hosted in conjunction with the School's week-long Open House for admitted students.

Wilson is the Nancy and George Rupp Professor of Architecture and Co-Director of the Global Africa Lab at GSAPP, Professor in African American and African Diasporic Studies, and Director of the Institute for Research in African American Studies (IRAAS) at Columbia University.

Followed by a response from Dean Amale Andraos.
